### #BreakTheBias #WomenPower

Exploring a career usually dominated by men, Nur Intan Farhanum, shows no slowing down!

Born in Selangor and raised in Johor, this 2nd child of 4 has been searching for an opportunity to upskill her certification and eventually upgrade her career. Despite facing difficulties and equipped with a deep passion towards the Oil & Gas industry, the 26 year-old young woman who is a Bachelor's Degree holder in Welding and Quality Inspection grabbed an opportunity shared by a friend via WhatsApp, applied and shortlisted as one of the scholars (and the only female!) of Peneraju Skil Welding Level Inspector Level 2 (CSWIP 3.1), Cohort 3.

With the passion and determination, she has successfully completed the training and now working as an Assistant QC Inspector.

"Always upskill ourselves. Though it seems impossible, make it possible. Good quality ensures safety to others"
